

| POSITION TITLE | POSITION TYPE | PAY STRUCTURE | STARTING RATE |
|------------------------|---------------------------------|---------------|-----------------|
| Audio Video Technician | Part Time 20-30 Hours Weekly | Hourly | \$18.00-\$22.00 |

POSITION DESCRIPTION

The Audio Video Technician installs various technologies such as audio, video, lighting control, media rooms and home cinema, security camera and intrusion systems, networks, automation and control systems, window treatments and more. In addition to installation, this position requires technicians to troubleshoot and correct issues and provide preventive maintenance for clients. This position reports directly to the Audio Video Project Manager.

This is an excellent position for a novice person who is interested in the fast-paced and ever-changing world of technology and automation. Some experience is required, and all training is provided. For this position, we are looking for the right person that will fit into our corporate values of dedication and customer service, not necessarily the most experienced.

POSITION RESPONSIBILITIES

- Installation of low-voltage wiring, wiring terminations, equipment racks and related components
- Installation of audio video components based on project design and corporate standards
- Documentation of project progress and completion of work orders, change requests and material lists
- Daily interaction with clients, as well as team members
- Regularly attend team meetings to discuss upcoming projects and review completed projects
- Ensure work site cleanliness and safety compliance based on corporate and regulatory standards
- Training clients on use of provided equipment and systems
- Technical support and troubleshooting of installed components and systems
- Develop on-going client relationships in a professional manner

QUALIFICATIONS

- Strong work ethic and enthusiasm, as well as a strong pride of workmanship
- Attention to detail
- Organized and goal-oriented
- Must possess valid driver's license with clean drivers abstract
- Must have own vehicle
- Ability to read and understand floor plans and schematic drawings and diagrams
- Basic understanding of audio and video components, as well as audio and video signal flow
- Moderate to strong troubleshooting ability
- Microsoft Office skills preferred, including Word, Excel, Teams and other Microsoft Office applications
- Must possess strong written and verbal communication skills
- Must be able to be client-facing, with appropriate appearance and professionalism
- Ability to work independently or in a team-based environment
- Working knowledge of basic hand and power tools

PHYSICAL WORK ENVIRONMENT

- Must be able to stand, kneel and/or crouch for extended periods of time
- Must be able to work in high places, and lift up to 50 pounds
- Must be able to safely use ladders
- Typical work environments include residential, commercial, corporate, educational, hospitality, and healthcare

POSITION BENEFITS

- Opportunity to lead to full time based on experience and performance
- Competitive compensation, commensurate with qualifications and experience
- Opportunity for professional development in a fast-paced industry with aggressive and growing company
- Team oriented and positive work environment
- Team-building events and outings
- Paid training for work related skills, as well as health and safety
- Vehicle allowance
- Employee purchase plan
- Company attire provided
- Referral and incentive programs
- Biannual performance reviews
